The President and Committee of the White Swiss Shepherd Dog Association of Victoria Inc welcome all exhibitors and friends to our show.

The White Swiss Shepherd Dog Association of Victoria Inc wish to thank our Judge, Steward, Dogs Victoria Representative, Photographer, Helpers and all those who have contributed to the successful conduct of today's show.

Thank you to all the exhibitors for entering the Open Show and allowing for the trainee judges to get hands on experience and become familiar with the White Swiss Shepherd Dog.

This show is conducted by the White Swiss Shepherd Dog Association of Victoria Inc in Affiliation with Dogs Victoria, under the regulations and rules of Dogs Australia and Dogs Victoria. A copy of the regulations and rules may be inspected online or at the office of the secretary at this show. The committee reserves the right to substitute judges if required. Dogs Victoria extreme weather regulations (Reg 7.6.8) will apply.

WHITE SWISS SHEPHERD DOG ASSOCIATION OF VICTORIA INC.

OPEN SHOW JUDGE

Mr Adam Druce

(Victoria, Australia)

I have always been surrounded by dogs as family companions; my parents owned a Fox Terrier Smooth and later owned and bred Shetland Sheepdogs.

My interest in dogs continued when I emigrated to Australia.

I purchased my first Basenji in 1997. I campaigned Lindi to her Champion title and she went on to be the foundation for my kennel.

I breed under the 'Tambuzi' prefix. I have been fortunate to produce Basenjis that do well in the speciality and all breeds show rings.

My first litter was whelped in 1999. Since then, I have bred 39 conformation champions including Grand, Supreme, American, Dutch and German champions, three All Breeds Best in Show winners and one Single Field Champion.

After joining the judges training scheme, I attained my Hound Group licence in 2009. I currently judge Toys, Terriers, Gundogs, Hounds and Non-Sporting at Championship Show level and I am training in Working and Utility Groups.

I have previously held key volunteer positions in Dogs Victoria as well as previously being secretary of the Basenji Club of Victoria and secretary of the Maldon and District Kennel Club Inc.

I am honoured to be invited to judge the White Swiss Shepherd Dog Association of Victoria Inc Open Show and thank the Club for this wonderful opportunity.

I am sure it will be invaluable experience for me. I wish you all the very best of luck today.

Emmett Therapy Certified Practitioner

Yvonne Campbell
0402 704 734

The **EMMETT Technique** is a safe, unique form of muscle release therapy, which is internationally recognised and effective on both people and animals.

EMMETT Therapy involves the application of light finger pressure at specific points on the body, relieving pain and discomfort, creating postural changes, improving movement, flexibility and overall well-being. These points are referred to as 'Emmett points' and are different to traditional trigger or acupressure points described in any other therapy.

Key features of EMMETT Technique treatments:

- Accurate and fast assessments of body imbalances
- Can be done sitting, lying or standing
- Pressure applied does not need to be firm or painful
- Suitable for babies, during pregnancy, the elderly and everyone in between

Symptoms which may be relieved:

Injuries from sport or accidents

Unbalanced gait or stance

Lead/harness strain

Lower back distress

Inhibited movement

Muscle restrictions

Poor performance

Behavior changes

Stockists of the following plus
many leads, chains, bedding
and more ...

The benefits of DNA testing

- ✓ Ensures your responsibility as a breeder in maintaining the best standards when it comes to the health of your animals
- ✓ Allows you to screen for relevant diseases – assess genetic status (clear or carrier or affected)
- ✓ Screens for desirable traits such as coat colours & hair length
- ✓ A DNA profile (fingerprint) allows you to verify any stud service, multiple sires and confirm pedigrees
- ✓ Focusing your testing on your breeding stock will allow you to predict outcomes for future litters

So simple, easy & pawfect...

- ✓ DNA collection is via a non-invasive cheek swab
- ✓ Test at any age
- ✓ Orivet's Innovative Full Breed Profiles screen for all diseases and traits relevant to your breed
