This show is conducted under the Rules and Regulations of Dogs NSW, a copy of which may be perused at the Secretary's office.

Exhibitors please note, in accordance with Section 14.10 of these Regulations, Part II Show, "it is the obligation of each owner, exhibitor and handler at a show to take all such steps as may be necessary to ensure that any dog under that person's care or control for which that person is responsible does not behave in an aggressive manner". Further, "it is the obligation of any person at a show who observes a dog behaving in an aggressive manner to report the incident either orally or in writing to a member of the Show Committee as soon as possible after the incident."

Dobermann Club of NSW Inc

PRESIDENT'S MESSAGE

Dear Exhibitors

Welcome to The Dobermann Club of NSW Inc's Championship Show held in conjunction with The Sydney Royal Easter Show 2021.

This is the first Show that the Club has been able to hold since August 2019 and we appreciate all your entries especially as there are still some restraints on the exercise of our normal daily life.

It will be refreshing to be able to catch up with everyone today and we look forward to seeing all the Dobermanns on display to the public once again.

As always, these events would not be possible without the behind the scenes work undertaken by the Committee and other club members and we express our thanks for this often overlooked investment of time and effort by these members.

Enjoy your day, catch up with other exhibitors and let's hope the Club can resume its schedule of normal events and activities from now on.

Robert Perry

President

The Dobermann Club of NSW Inc

Judge Profile – Mr Michael Camac (South Australia)

Michael has been involved in the Dog World since 1968 as a successful breeder, exhibitor and exporter of Australian Silky Terriers under the "DULCANNINA" prefix, and as an exhibitor of all three varieties of Poodles, Pharaoh Hound and Lhasa Apso's.

In addition to his involvement with Silky Terriers, he co-owned and handled the white Standard Poodle Australian Champion Leander White Blazer (Imp. South Africa) to Best Exhibit in Show at Sydney Royal Easter Show 1988.

Since 1997 he has been involved with Lhasa Apso's with great success as a partner in the "AMESEN" prefix including winning multiple Best in Group and Group placements at Royal shows within Australia, Multiple Best in Shows (All Breeds) and Multiple Speciality Best in Shows.

Michael was first approved to judge the Toy Breeds in 1978 and achieved ALL BREEDS status in 1989. He has officiated at shows in all states of Australia, Sweden, Norway, Finland both Islands of New Zealand, India, Canada, Thailand, Philippines, Indonesia, China, Japan, Estonia and Croatia.

Michael judged the Pedigree Chum Junior Showmanship Final at Crufts in 1994 and at the World Dog Show 2008 held in Sweden.

Show Sponsors

Dobermann Breed Standard

Kennel Club, London 1994
Updated 2009

GENERAL APPEARANCE - Medium size, muscular and elegant, with well set body. Of proud carriage, compact and tough. Capable of great speed.

CHARACTERISTICS - Intelligent and firm of character, loyal and obedient.

TEMPERAMENT - Bold and alert. Shyness or viciousness very highly undesirable.

HEAD AND SKULL - In proportion to body. Long, well filled out under eyes and clean cut, with good depth of muzzle. Seen from above and side, resembles an elongated blunt wedge. Upper part of head flat and free from wrinkle. Top of skull flat, slight stop; muzzle line extending parallel to top line of skull. Cheeks flat, lips tight. Nose solid black in black dogs, solid dark brown in brown dogs, solid dark grey in blue dogs and light brown in fawn dogs. Head out of balance in proportion to body, dish faced, snipy or cheeky very highly undesirable.

EYES - Almond-shaped, not round, moderately deep set, not prominent, with lively, alert expression. Iris of uniform colour, ranging from medium to darkest brown in black dogs, the darker shade being more desirable. In browns, blues, or fawns, colour of iris blends with that of markings, but not of lighter hue than markings; light eyes in black dogs highly undesirable.

EARS - Small, neat, set high on head. Normally dropped, but may be erect.

MOUTH - Well developed, solid and strong with a complete dentition and a perfect, regular and complete scissor bite, i.e. the upper teeth closely overlapping the lower teeth and set square to the jaws. Evenly placed teeth. Undershot, overshot or badly arranged teeth highly undesirable.

NECK - Fairly long and lean, carried with considerable nobility; slightly convex and in proportion to shape of dog. Region of nape very muscular. Dewlap and loose skin undesirable.

FOREQUARTERS - Shoulder blade and upper arm meet at an angle of 90 degrees. Shoulder blade and upper arm approximately equal in length. Short upper arm relative to shoulder blade highly undesirable. Legs seen from front and side, perfectly straight and parallel to each other from elbow to pastern; muscled and sinewy, with round bone in proportion to body structure. Standing or gaiting, elbow lies close to brisket.

BODY - Square, height measured vertically from ground to highest point at withers equal to length from forechest to rear projection of upper thigh. Forechest well developed. Back short and firm, with strong, straight topline sloping slightly from withers to croup; bitches may be slightly longer to loin. Ribs deep and well sprung, reaching to elbow. Belly fairly well tucked-up. Long, weak, or roach backs highly undesirable.

HINDQUARTERS - Legs parallel to each other and moderately wide apart. Pelvis falling away from spinal column at an angle of about 30 degrees. Croup well filled out. Hindquarters well developed and muscular; long, well bent stifle; hocks turning neither in nor out. When standing, hock to heel perpendicular to the ground.

FEET - Well arched, compact, and cat-like, turning neither in nor out. All dewclaws removed. Long, flat deviating feet and/or weak pasterns highly undesirable.

TAIL – Docked: Docked at first or second joint; appears to be a continuation of spine without material drop.

Undocked: Appears to be continuation of spine without material drop, kink or deformity. May be raised and carried freely when the dog is moving or standing/

GAIT/MOVEMENT - Elastic, free, balanced and vigorous, with good reach in forequarters and driving power in hindquarters. When trotting, should have strong rear drive, with apparent rotary motion of hindquarters. Rear and front legs thrown neither in nor out. Back remains strong and firm.

COAT - Smooth, short, hard, thick and close lying. Imperceptible undercoat on neck permissible. Hair forming a ridge on back of neck and/or along spine highly undesirable.

COLOUR - Definite black, brown, blue or fawn (Isabella) only, with rust red markings. Markings to be sharply defined, appearing above each eye, on muzzle, throat and forechest, on all legs and feet and below tail. White markings of any kind highly undesirable.

SIZE - Ideal height: Dogs 69 cms (27 ins) at withers Bitches 65 cms (25½ ins) at withers. Considerable deviation from this ideal undesirable.

FAULTS - Any departure from the foregoing points should be considered a fault and the seriousness with which the fault should be regarded should be in exact proportion to its degree.

NOTE - Male animals should have two apparently normal testicles fully descended into the scrotum.
